Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the closest prior art reference of record is the patent to Cheng (6,067,548). However, the reference does not teach or suggest the feature of classifying a software resource according to a predetermined domain model in which functions and data types are provided via the programming interface of the resource being classified, as indicated in claims 1, 31 or a software utility for managing software resources in which the functionality information is provided via a programming interface of the software resources being mapped to the domain model, as specified in claims 12 and 40 or the features of claim 51 of mapping a software resource to a domain model in which suggested mappings for each function and data type are presented to the user for determination of a mapping, wherein determined mappings for earlier resource functions or data types are used to suggest mappings for later types.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

2. New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because many of the drawings provided includes handwritten notations, which are not uniformly thick and well defined as required by 37 CFR 1.84(i) and many of the figures are too dark to be legible and therefore does not

Art Unit: 2193

comply with 37 CFR 1.84(m). Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to John Chavis whose telephone number is (571) 272-3720. The examiner can normally be reached on M-Th, 8:30am-5:00pm, EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kakali Chaki can be reached on (571) 272-3719. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
